

AFRICA OIL WEEK

a Hyve event

# AFRICA'S LEADING OIL AND GAS EVENT

3-7 OCTOBER 2022 | CTICC2, CAPE TOWN | SOUTH AFRICA

**We are happy to announce that we will also be participating and exhibiting in the Africa Oil Week from the 3<sup>rd</sup> to the 7<sup>th</sup> of October 2022 in Cape Town, SA.**

The Steel Tube Export Association of South Africa has been established to develop sustainable, internationally competitive carbon steel tube and pipe export markets for South African Manufacturers. It was also developed to meet the broader South African national objectives of job creation, industry transformation, benefited export growth and industrialisation.

Africa Oil Week is the global platform for stimulating deals and transactions across the African Upstream. For over 25 years, the event has brought together governments, national and international oil companies, independents, investors, the G&G community, and service providers. Africa Oil Week prides itself on offering unrivaled opportunities that drive investment and deal-making across the continent, thus shaping the future of Africa.
